THE HOOVER HYMN

Where the Indians and the Spaniards
In the days of long ago
'Neath the heights of Mt. Verdugo
Roamed the valley wide and low
Now stands our Alma Mater
In her majesty aglow;
Hail, Alma Mater, hail, Hoover, hail.
Hail, Alma Mater, hail, Hoover, hail.
May her name be ever honored
And her loyalty stand true
May she rise above the hill-tops
In her glory ever new.
All hail, all hail to Hoover,
May the land her banner view.
Hail, Alma Mater, hail, Hoover, hail.

INGRID
It's been fun

This Scroll is dedicated to Mrs. Helen Ayers, who in her 13 years of working at Hoover has given unselfishly of herself, to further the cause of education. Mrs. Ayers graduated from the University of Oregon where she majored in English. She then went to Occidental College where she received her Master in psychology. Upon coming to Hoover in 1958 she became the Girls' Vice Principal.

In dedicating this Scroll, the entire student body expresses its appreciation for the years of service given by Mrs. Helen Ayers.

Ingrid
I don't know you very well, but I hope we can become friends next year. Have a cool summer!

Dear Ingrid,

I almost forgot to sign this and I don't see how I could. I'm really glad you came to this school and took 2nd year German. You're really an awfully nice person and full of life. I hope there are more sophomores like you coming to school next year. Hope you have a fantastic summer! See ya next year. Love,
Karen Heinz

Ingrid, I don't know what to say. I like you always, you're a very nice person to see all these years. I hope we remain friends forever. Hope to see you often in the following years. Have a nice life.

Your friend,
Cathy Cusick

Dear Ingrid,
Hi! I hope you had a really good school year. It's been great knowing you these past (almost two) years. We've had alot of fun in Providence, at camp, and even when we were going to seperate schools. I know that I'll be meeting lots of new people in the future, but you'll always be my favorete friend. I hope you'll find lots of happiness in your life. I can't wait till we're C.C.F.S. Retiring Teachers

Mrs. Wilma Biren earned her Bachelor of Arts degree at Santa Barbara State College. Upon coming to Hoover in 1964, she began teaching Home Economics. Mrs. Biren was also a teacher consultant for the district in Home Economics.

Mr. William Fowler was introduced to Hoover High in 1969. Since that time he has been teaching beginning and advanced printing to sophomore, junior, and senior boys.

For their service to Hoover, we thank Mrs. Biren and Mr. Fowler.

Because of the tax failure, the number on the custodial staff was seriously cut last year.

They were loaded with double work but were able to overcome the problem of their extra duties.

The cafeteria faced a financial struggle in combating the competition posed by the food machines on campus. There was also a possibility of an open campus which would have resulted in further loss of money. The staff worked hard distributing food and planning menus, attempting to keep prices low and operate without monetary loss.

CAFETERIA WORKERS—Front Row: Mrs. Nelle Fayette, Mrs. Sally Ingels, Mrs. Elizabeth Silva, Mrs. Emma Milota, Mrs. Louise Gotsch, Mrs. Clara Keeley. **Back Row:** Mrs. Audrey Marshall, Mrs. Genevieve Butler, Mrs. Elizabeth Baker, Mrs. Rose Steciuk.

Many blind and handicapped students have a better chance to develop their education because of the new handicapped program at Hoover. This program helps create a relationship between the handicapped and unhandicapped by allowing them to work and learn together. The Handicapped Department experienced many innovations this year; one was the purchasing of a new IBM braile typewriter for use by the students; fourteen new tape recorders were used in the classes by blind students.

HANDICAPPED DEPARTMENT: Mrs. Dorothy Smith, Mrs. Vivian Kipper, Warren Helms, Miss Alma Trevino.

Scroll Staff

Andy Van Pelt, sports editor, and Lynne Olmstead, research coordinator, made full use of the school's facilities in order to complete their work on time.

Janie Bouton and Marna Shillman utilized their full knowledge of style, art, and layout techniques to design each page's format.

Elaine Carter kept accurate records of all negatives developed by the staff.

Editor-in-chief Ruth Vahey and Advisor Pierre Odier hand Susie Southworth, Associate Editor, the first 69 pages to mail.

Even when work towered over them, Dorothy Small, Mary Perry, and Laurie Hodge retained friendly relations.

Angie, I hope you've had fun in Geometry! I don't think so. I think you're Ya! I'll see you then! Merci, until I see you again. Later!!! Mark Pugliese

Photographers Jon Vance, Ralph Schuhmann, and Rich Coutinho ran their feet off taking pictures for the Scroll.

Leslie Hopper, Pattie Quinn, and Kathy Quinn approached businessmen throughout the Glendale area soliciting ads.

Many hours of work were dedicated by Dana Ayers and Laurie Anderson, who had to alphabetize, number, cross-match, layout, and type the names in the sophomore, junior, and senior sections.

Purple

Ruth Vahey, fall semester Purple Press Editor-in-chief, and Mr. Joesph Bertram, advisor, discuss the make-up of page three which had to be altered to account for the new 10 pt. type that was introduced this year.

Purple Press

One week in advance, all members of the **Purple Press** staff know when the deadline is to turn their stories in . . . complete with headlines.

The week goes by slowly, especially fifth period, since there is nothing to do except read exchange papers and clean up the staff room. Nobody really worries. Everything is fine until — Deadline Day!

The day is very normal for students who pass by the staff room. Nothing looks different, but inside, one great hassle is going on.

At snack, it is made known to the editor that three people haven't started their stories yet and can't possibly finish them by fifth period. Editor serves ultimatum: "You'll blow the whole issue, and in addition, your grade drops."

Lunch arrives and so do bologna sandwiches, hamburgers, and cokes which are strewn all over the room. The majority of the staff still has half their stories left to do and can't find any more information. It is also discovered that all four typewriters are now busted, and typing must be done somewhere else.

Somehow this crisis is solved, and fifth period starts with a new one. This time the page editors find out what's not done and the worrying starts. It seems somebody forgot to order pictures for a page and they are needed today.

"Run to Mr. Odier and get it taken" is the solution, unless his photographers are sick today or doing something else.

Fifth ends and it is time for half the staff to go to **Scroll**. Walk in and be seen by "Ode" and then split back to the staff room which now looks like it has been hit by the Tornado.

Finally everything is done. Final check. Page 1—OK. Page 2—OK. Page 3—OK. Page 4 . . . where's the caption for the picture? This story was supposed to be 10 inches, and it's only 6! How come there's no story to go with this headline???

Half an hour later, all is well . . . for two weeks anyway.

AFS Exchange Students

This past summer in Ceylon has been the most rewarding and educational experience of my life. I learned that people are the same everywhere, just going about life in a different way. Living in a culture with people of a different race and religion is not an easy thing to do, but I found that during the hardest times I learned the most. Through communication we found an understanding of each other. I believe that the future of our world lies in the plea expressed in the AFS motto: "Walk together, talk together, O ye peoples of the earth; then and only then shall ye have peace."—**Ron Underwood**

I arrived in this country without any knowledge of the language. My only way to communicate with people was with a polite smile and quite a few nods of my head. After being here for this year, I can understand not only some situations which were difficult for me to understand before, but now I know myself a lot better. Living in Glendale has opened my mind in many different ways. My year as an AFSer has brought me closer to both my old friends and family in Spain and the many friends and my wonderful family I have found here. —**Susana Echevarria, Spain.**

Amongst the hustle and bustle of smog alerts, untold trips to see what there is to be seen around L.A., earthquakes, and the thought of more earthquakes to follow, my life and way of thinking has been changed as never before. As a guest in this country, I have learned to persevere, to be tolerant, and to accept the differences I have encountered. The United States stands by itself as a country, and I feel the people are completely individual also. AFS, my family, and friends, thank you very much. —**Libby Miller, Australia.**

AFS was led by Ron Underwood, pres.; Joy Wolff, vice-pres.; Barbara Moore, sec.-treas.; and Marna Shillman, dir. of publicity. Two fund raising projects, the Candy Cane Sale and the Carnation Sale, were undertaken by the club.

Art Club officers were Charley Boggs, pres.; Shelley Keyohara, sec.; and Lynne Soule, treas. The club entered a car in the BGD parade.

Considered "leaders on campus" by their sponsor, Mr. Dee Kohlmeier, the **Boys' H-Club** members were always available as ushers, parking attendants, and traffic directors at either school or extracurricular activities. The Fission Hole Band provided background music throughout the performance.

Dinny and the Witches, a contemporary play written by William Gibson, introduced a new principle in theatre to Hoover students. Film, music, and light were mixed to create an atmosphere consistent with the theme that perfection is not found in the human world; humanity must be accepted for what it is. All costumes, makeup, dances, and songs were designed by the cast.

Amid the witches' comtemptuous glares, Steve Banks remains spellbound as the show girls dance.

Mitch Kaady, accompanied by the Concert Choir, sang "Let It Be". Debbie Rapp, Kathy Greig, and Marie Lucas formed a trio which presented"Both Sides Now" and "Beat Me, Daddy, Eight to the Bar". "They All Laughed" was performed by Laurie Feldmann and Jeff Headley.

The A Cappella Choir mourns the death of the auditorium, but in the face of crisis, the singers pull through.

The orchestra provided the music for the wide variety of songs.

Many "impossible" problems were overcome with ease by the cast of the Spring Musical, including the loss of an auditorium.

The musical was moved to a more casual outdoor setting which provided a pleasant change. Centering on the prominent music of the twentieth century, the musical featured songs ranging from "Oh! You Beautiful Doll" to "Let the Sun Shine In", a rousing finale.

Jackie Butler, Sherry Ballenger, Tim Rowson, Cheryl Wolfe, Ron Reeve, Chuck Jonkey, and Tim Gonzales sang special parts.

Quarterback Ralph Parish gets set to hit receiver downfield.

This year's Varsity football season was a big disappointment, in the words of Head coach Roy Vujovich. The team finished with a 1-8 record, last in the Foothill League. Highlight of the season was a 6-0 victory over Crescenta Valley. Receiving post-season awards were quarterback Ralph Parish, capturing the Most Valuable Player award as well as being captain. John Peterson, tailback, nabbed the Outstanding Back and Most Improved Player awards. Buzz Wollam, tackle, was named Outstanding Lineman, and Carl Raggio, wingback, picked up the Babe Herman Award.

Jay Larson, defensive back, was named Outstanding Defensive Player and was also picked for the All-Foothill League second team in a poll by the League coaches.

Prospects for next season already look good with a fine crop of quarterbacks bidding for the top spot on Varsity. Candidates are Sid Stark, Mike Jae, and Ken Degnan, all of whom saw limited action under Parish this year. Starting B quarterback and Captain Mike Parish will also be trying to take his brother's former job.

Also returning to the team next year will be backs Paul Raggio and John Peterson and ends Jay Larson, Mike Pratt, and Jim Nixon.

One day the earth trembled.
Most of the people upon it,
Trembled too. While others
Had not time enough to tremble.
As buildings and hearts collapsed.
And a few did nothing.
For them all had already crumbled,
Or maybe never been built.

Walk through the lacing roads of woods,
the cement streets of the city
during the wonder called night.
Breathe in the cold, whispering wind,
hold its breath for an instant,
let your mind absorb the sweet elixir of night.
The nights are the dreams of the conscious;
eyelids opened to the world of the mind
where trees walk or stand in silence.
The world is a realization of your whims;
skyscrapers the towers of kings and time,
rustling leaves mere fingers tickling the sky.
It is there that you will find me;
my hair the branches of trees,
my voice the sound of crickets
But thank God the day must come;
the realities unmasked,
for we cannot dream forever
Dreams are bodies without substance;
one should not live without them
for they're the escape of the soul,
neither should one only exist in them
for they give you nothing to hold.

There was a man who essayed to climb a mountain.
Upward and upward he pushed
He toiled for many days
Through bushes, over boulders
Up cliffs, over chasms
He climbed.
At times he lost his footing, and slid
Nullifying some faint progress.
At last he glimpsed the summit
Straining, gasping, he strove onward
And reached the top.
"I succeeded!" he cried.
"I have conquered this peak!
Blow the bugles, sound the herald.
Let the world know!"
But he heard
No bugles
No heralds,
And the world knew not.

The **Scroll** could never have continued its Awakening in 1971 without the dedicated persons who contributed many of their free hours. Don Telford, Dunlap-Turney, and the two yearbook staff photographers deserve much thanks; the shortage of photographic staff made their work nearly impossible.

Mr. Marshall Hollenberg, representative from Pischel Yearbooks, Inc., gave both time and understanding to this year's staff. The staff themselves gave so willingly and abundantly, working in class, after school, and at home, in order to deliver the best possible book at the end of the year.

It would be an understatement to say "thank you" to Mr. Pierre Odier for all he contributed this year. He covered every aspect of the book, demanding perfection, adding bits here and there, raising morale. At all times he was on call and traveled to various areas of the city to capture the right mood in a picture or find other rare items that were needed.

The 224 pages of this yearbook have taken nine months to complete. Both skills and dreams have been poured between its covers. The second phase of Hoover's Renaissance is now complete. Next year's school will bring its own time, its own rebirth.
